

## Dissertation Examination Schedule for Embedded Systems (ES)

**Wednesday 12.07.2023 (room IE303)**

No.	Student	Scientific advisor	Time
1	ROȘU N. ROBERT	Assoc. Prof. Eng. Daniel MORARIU, PhD	09:00
2	PAȚANGHEL M. CRISTIAN-FLORIAN	Assoc. Prof. Eng. Macarie BREAZU, PhD	09:15
3	NANU R. PAUL	Lect. Inf. Antoniu PITIC, PhD	09:30
4	RODEAN C. COSMIN-CONSTANTIN	Assoc. Prof. Eng. Arpad GELLERT, PhD	09:45
5	FILIP S. V. CRISTIAN-GEORGE	Prof. Eng. Remus BRAD, PhD	10:00

### Obs:

- For the dissertation examination, brief Power-Point presentations (max. 10 min) are recommended.
- Preparing the application or the practical part to be presented to the committee lies within the responsibility of the student. Before starting the presentation, the student must ensure that the application/practical part works appropriately and can be presented to the committee.
- For the students that have a practical part to be presented we strongly recommend that they make a prior recording with all the operations so that during the presentation if the practical part for various reasons no longer works, it is possible to present the recording.
- Candidates should arrive in IE303 at least 30 minutes before they are scheduled.

Committee Chairman  
Prof. Eng. Remus BRAD, PhD

Committee Secretary  
Assist. Eng. Alexandru DOROBANȚIU, PhD
